

LOST YOUR iPad?

Please bring found iPads to the library!

- Sign in at icloud.com. Use your apple ID and password. You may also use the **Find My iPhone** app on another iPhone, iPad, or a Computer. Link also on the Ceran homepage under Information & Tools.
- Open **Find My iPhone**, and select your iPad to view its location on a map. If the device is nearby, you can have it play a sound to help you or someone nearby find it. If found in school, it will be returned to the library.
- Turn on "Lost Mode." Using "Lost Mode", you are able to remotely lock your device with your four digit passcode and display a custom message with your phone number, if you wish. These will show on the device's lock screen. You may also track your device location.

If you do not find your iPad within 24 hours, you will need to file a report with your administrator.
